Dear Canada Post Consumers Choice Program:

I have joined the Red Dot Campaign in an effort to reduce unwanted mail.

Please remove me from all unaddressed mail distribution.

This letter, combined with the red dot on my mailbox, expresses my wish to stop receiving unaddressed flyers and mail. I understand that it may take a couple of weeks before the database is adjusted and the junk mail stops.

I also understand that Canada Post will still deliver some unaddressed items, such as community newspapers and letters from the House of Commons, provincial and municipal electoral offices and Elections Canada. And I realize that some unaddressed mail comes from distributors other than Canada Post, so I may still receive mail from these other services.

Thank you, Canada Post, for making this option available, and for giving us the choice to reduce our paper consumption!
